Driven software developer dedicated to continual skill set improvement.

Strong understanding of core programming concepts and familiarity with a wide-range of languages and concepts. Supportive, like-able, and responsible team player dedicated to process improvements with focus on quality and efficiency.

TECHNICAL SKILLS

- Agile/Scrum Methodology
- Data Structures / Sorting Algorithms
- Design Patterns
- Object-Oriented Concepts
- Python / Django Framework
- C# / MVC / Entity Framework
- SQL / MySQL / MS SQL Server
- HTML5
- CSS3
- JavaScript / jQuery
- Bootstrap
- Dependable
- Quick Learner
- Personable
- Analytical
- Passionate about solving Problems

EXPERIENCE

01/2019 to 04/2019

Full Stack Developer

Prosper I.T. Consulting — Portland, OR

- Built a full-stack, web-scraping web application with a user database, using Python, Django, Beautiful Soup and Selenium.
- Utilized Asp.Net and Entity Framework to build a web application that satisfied employee and managerial scheduling needs. In this role, I developed for both the front-end and back-end creating views with Razor and JavaScript, serving them with C# and supporting the application with a code-first Entity model.
- Worked in an Agile software development team in the development of proprietary software, involving managing a backlog of user stories in Azure DevOps, communicating with a team to overcome coding obstacles, and working on front and back end features and bug fixes.
- Some of my contributions to this project were a messaging feature for users, allowing admins quick access to employee's work history, and implementing a calendar interface for scheduling.

09/2017 to 06/2018

Freelance Video Producer

Self Employed — Bismarck, ND

- Edited over hundreds of hours of footage from chronological production order into story format and added effects using Adobe Premiere and Final Cut.
- Transformed footage and assets to create compelling, effective wedding and business videos and content.
- Filmed hundreds of hours of video using industry-leading video cameras and drones.
- Managed pre-production tasks such as developing content plans and overall message for numerous projects.

- Performed all aspects of post-production, including sound design, sequence selection and compression.
- Handled technical setup such as lighting and sound for each shot.
- Combined video, audio and graphics to effectively convey each story.
- Captured special moments while circulating amongst wedding guests.
- Managed logistical aspects from conception to delivery.

06/2012 to 09/2017

Team Member

State Farm Insurance — Bismarck, ND

- Developed and implemented training for new employees.
- Assisted newly hired team members by explaining company procedures and software operations and delivered positive feedback upon job task completion.
- Transcribed data after verifying information to deliver projects with near perfect accuracy.
- Compiled, sorted and verified digital data against source documents.
- Received underwriting approvals after accurately completing applications for insurance coverage.
- Maintained pleasant and cordial attitude at all times, even when issues arose.
- Reviewed insurance inquiries, working effectively to accommodate various requests to build the agency's reputation as a service provider.
- Wrote and uploaded quality posts for the client's various social media pages that helped improve overall traffic.
- Input client information into spreadsheets and company database to provide leaders with quick access to essential client data.
- Identified errors in data entry and related issues by mentioning to supervisors for resolution.

05/2008 to 07/2010

Office Manager & I.T. Analyst

Pinehurst Properties — Bismarck, ND

- Contacted tenants to collect overdue rent or to discuss other important issues.
- Executed leases with new and returning tenants.
- Codified system infrastructure details and operating procedures to strengthen controls and maintain performance.
- Troubleshoot malfunctions with systems and programs to pinpoint root cause of issues and restore.
- Handled resident complaints and ensured all maintenance requests were expedited.
- Reconciled monthly checks for accurate bank statement distribution.
- Spearheaded software, hardware and equipment purchasing.
- Maintained high level of professionalism and calmness with all personnel, even in high-stress situations.

EDUCATION AND TRAINING

2018

Full Stack Software Development Graduate: Full Stack Software Development & Computer Science

The Tech Academy — Portland, OR

Completed 10 month intensive boot camp for full-stack software development. Studies focused on C#, .Net Framework, ASP.Net MVC, Python, Django, SQL, HTML5, CSS3, JavaScript and jQuery, computer science, data structures, sorting algorithms, design patterns & object-oriented programming concepts.

2012

Post Bac: Accounting

Portland State University — Portland, OR

Studied Accounting and Business Management in the post-bac program.

2008

Bachelor of Science: Mass Communications Emphasis in Advertising & Graphic Design

Minnesota State University - Moorhead — Moorhead, MN

Graduated Summa cum laude. Completed Minor in Film Production as well as the Honors Program.
